

Seaside Citizens Faced With Important Task

By Tom Nash

The citizens of Seaside and the surrounding areas are going to be faced with the monumental task of selection of California's next Governor on November 5, 1974. The selection of the best man to lead us through one of the most critical times in the history of this country.

California, being the number one state in the Union, will be looked upon to provide the leadership for sound government which will combat the Nation's number one enemy, inflation, which, if not curtailed, can plunge this nation into a panic worse than the depression of 1929. Therefore, the citizens must examine the qualifications of the applicants for governor based upon what is essential for California and the nation without regard to party affiliation.

A number of our readers look to this publication for guidance in the selection of its governmental leadership which places a

responsibility on the shoulders of this writer to select what is best for the community it serves, which automatically will be best for California and the nation.

The awesome task caused a real and intensified scrutiny of the candidates in order to determine which of the candidates is best suited to fill the seat of the top slot in California Government, and here, then, are my findings:

EDMUND G. BROWN: Age 36, Single, Secretary of State, studied to become a priest, but discontinued his studies after five years. He then entered law schools and participated in civil rights marches in the South, later becoming a Research Attorney for the California Supreme Court. He became a Private investment consultant for Chile-California program in South America. He was against the death penalty. He was a part term server on the Los Angeles Community College Board and was elected Secretary of State of California by a margin of

308,170. He was a protest marcher with Cesar Chavez. Yet with his clamor for civil rights, he had only one black in his office, and she was a clerk typist. He was denounced by his democratic black legislators for his discrimination in hiring. This included Assemblyman Bill Greene and others from L.A.

HOUSTON I. FLOURNOY: Age 44, Married with three children. He has a B.A. in Government, M.A. and PHD in Political Science, a Korean war veteran, Legislative Assistant to a U.S. Senator, an Associate Professor of Government, former State Assemblyman, a supporter of the Rumford Fair Housing Act, elected Controller, California State, was Chairman of the State Lands Commission, State Franchise Tax Board, a member of State Board of Equalization, also serves on 20 additional boards and commissions, initiated the reform of the Controller's Office by cutting expenses in operating, WAS RE-ELECTED STATE CONTROLLER BY

ONE OF THE LARGEST MARGINS IN CALIFORNIA HISTORY; (Over 1,450,000 Votes) and won the Republican nomination for Governor with 63 percent of the vote.

Now what about the two men? Which is best suited to lead us through these perilous times? Which is best qualified?

The uncertainty in the history of Brown makes one wonder if he can shoulder the responsibility of this task. Even his own legislators have doubts, and have quietly withdrawn their support. His blatant attacks upon Flournoy makes one doubt his stability, and wonders what action he would respond to in one of our crisis.

California needs a chief that can make a decision that is best suited for all Californians. There can be no uncertain action, therefore THE SEASIDE POST urges its readers to support the candidacy of HOUSTON FLOURNOY for Governor of California.

EDITORIAL

Often times an editor finds himself in a position of facing a task which will affect the country, therefore he must eliminate the emotionalism and deal only with facts. This is why, after careful consideration and examination of the qualifications of the candidates, I have made the recommendations as shown on this page.

In researching this information, I came upon an alarming situation that requires my focusing your attention and alarming the country. Whether you realize it or not, because of the Watergate scandal, the United States is rapidly approaching a ONE PARTY SYSTEM, which, if you, the American people permit, will turn this democracy form of government into a dictatorial form of government in which you will not have any voice.

"My most difficult task was to determine whether I should go with the popular views of some of our readers or do what I thought was right.

In selecting BURT L. TALCOTT it was revealed that Candidate Camacho has a fetish about cutting Military Spending, which naturally would reduce, if not close, Fort Ord, and as you know the citizens of Seaside depend upon this installation for its survival. AND TALCOTT has not been a bad Congressman. He has contributed much to this area.

In the selection of HOUSTON FLOURNOY, we found that Flournoy is far more experienced than Junior, and at this point in time, we need leadership that will keep our state number one during the hard times ahead. We don't need a good leader, we need the best.

In the selection of MARCH K. FONG for Secretary, I selected a legislator who has been very active in politics as an Assemblywoman. One that is most qualified to fill this position.

In the selection of Assemblyman Frank Murphy, I found one who has been instrumental in the welfare of Seaside since he took over the district. He has made repeated trips conferring with leaders in the community to acquaint him with the problems that exist. We have a Republican President for the next two years (at least) and in order for him to accomplish his goals of leadership, we must provide him with assistance. The Democrats are now in control of the House and Senate, and have always been for the past 12 years. This means that we have a "Do Nothing Congress," for they will defeat for political motives, any legislation submitted by the President, regardless if it is in the best interest of the Country or not.

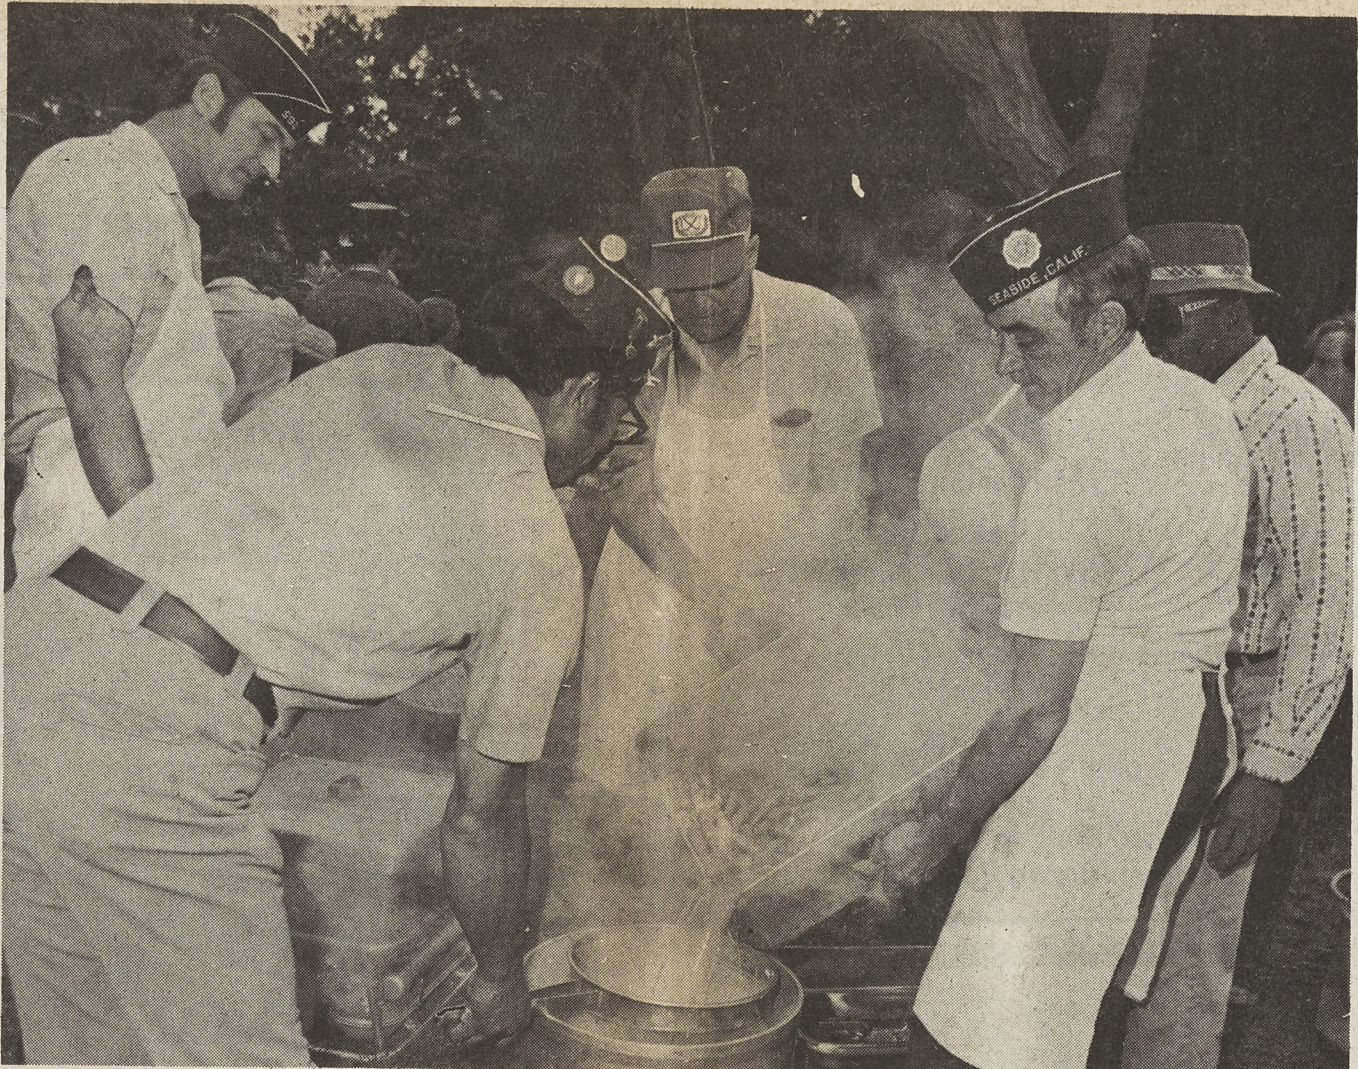

Once again I say to you, beware, for this election is the most critical of any time in the history of this country. If you make the mistake of not returning some Republicans to office, you will have to stew in your own juice.

Our Congress must be balanced with equal representation. What is being displayed behind the Watergate scare is a ONE PARTY SYSTEM which, ultimately, is a dictatorship form of Government.

Military Appreciation Week

It was Volley Ball Time as the Navy engaged a civilian team during Military Appreciation Day at the Monterey County Fair Grounds. Other games played were baseball, softball, bowling, and many more. Over 5,000 participated.

Over 5,000 people turned out to the Monterey Fair Grounds to welcome the activation of the 7th Infantry Division as part of the Military Appreciation ceremonies held annually, sponsored by the joint Chambers of Commerce of Monterey

County. Shown above are members of various organizations preparing the food for the many participants. Businesses in the various cities provided the refreshments for the occasion.

Junior High School Salutes Honor Student

A big King salute to Lillian DeSoto. She is the daughter of Mr. and Mrs. Elliot DeSoto of 1721 Soto Street. Lillian was born in the Philippines and comes from a family of five. She is a former student of Manzanita Elementary School.

Lillian is involved in several organizations on Campus. She is a member of the Martin Luther King Human Relations Team, King Scholars and the Heshima Club. She is also a member of the ninth grade volleyball team. Her favorite subject is Spanish. When asked about her ambition in life, she replied, "I would like to go to college and major in foreign languages. I had thought about becoming an airline stewardess but with all the progress being made in the area of transportation,

Lillian DeSoto

stewardess may no longer be needed."

In Lillian's spare time she enjoys bowling, sewing, playing the piano and taking photos. She also makes wise use of her academic time, which is evident by the fact that she has been an honor roll student since she entered King.

Community Hospital Establishes Quiet Hour

CARMEL, Oct. 28, 1974 - To allow patients more rest, Community Hospital of the Monterey Peninsula is establishing a "quiet hour" from 2 p.m. to 3 p.m. daily effective Nov. 1, 1974.

During this hour, most patients will not be disturbed by visitors or staff. Cooperation of the public is requested in observing this quiet time.

Upon the recommendation of the Patient Care Committee, the "quiet hour" is being implemented at the request of patients, doctors and hospital staff.

It will be a rest time for all patients with as little interruption as possible. Visitors will be asked to respect this hour and stay out of the patient's room.

For medical-surgical patient, visiting hours will be 3 p.m. to 9 p.m. On the day of surgery, however, visiting hours for the family only are unlimited.

In the pediatrics depart-

ment (patients 14 years and younger), visiting hours are 3 p.m. to 9 p.m., but parents may visit 24 hours a day.

For obstetric patients, visiting hours are 3 p.m. to 4 p.m. and 7:30 p.m. to 9 p.m.

Maternity and pediatric patients are not permitted visitors under the age of 16.

With the permission of the nurse in charge, patients in the Community Mental Health Center may be visited Mondays through Fridays from 6 p.m. to 9 p.m., and Saturdays, Sundays and holidays from 11 a.m. to 2 p.m. and 3 p.m. to 9 p.m.

Senior Citizens Days Are Set

Senior Citizens Days have been set for November at the San Diego Zoo, Sea World, Busch Gardens, San Diego Harbor Cruise, Marineland of the Pacific, and Knott's Berry Farm sponsored by Senior Citizens Clubs of California.

New Member Of Grocery Community Welcomed

Newest member of the Seaside grocery community is Dick 'n Sons Market, 1760 Fremont Blvd. The market is owned and operated by Dick Sargent, a 25 year veteran of the grocery business.

Dick 'n Sons purchased the former Mayfair Market three months ago and have since joined the Big T Stores organization. Sargent explained that Big T is a large group of northern California grocers who combine their

purchases and their advertising. Savings are reflected in lower shelf prices and improved service to customers.

Dick 'n Sons just celebrated their third month in business. Sargent, who had been with Purity Stores for 17 years and Alpha Beta for seven years, is assisted in operation of the market by his two sons, the older of whom is also a student at Cabrillo College. Sargent said there are more than 80

Big T Stores from Bakersfield throughout northern California and Nevada. Each is individually owned and has its own personality. Sargent emphasized that his market features locally grown produce for additional savings to shoppers and local beef specially selected by the meat manager for uniform high quality.

Dick 'n Sons will have page ads in local papers and soon will feature weekly specials on local television.

School Lunch Program For Senior Citizens

The Monterey Peninsula Unified School District is initiating a program in which senior citizens will have the opportunity to enjoy hot, nutritious meals in a school cafeteria.

The program will begin November 4, 1974 at Highland School located at Sonoma Avenue and Yosemite Street in Seaside.

The cost per lunch will be \$.80. This is the same charge made to school personnel who participate in the school lunch

program.

Persons sixty years of age and over are eligible. Those interested must register with the school cafeteria prior to being admitted to the program. Registration will be open at Highland school beginning October 21 through November 1 between the hours of 9:00 a.m. and 11:00 a.m. Persons should initially report to the school office and from there they will be directed to the cafeteria.

Lunches at the school are

served daily from 12:00 noon until 12:45 p.m. Senior guests will be served in the same area and at the same time as the children.

Those persons wishing transportation should contact the Monterey County Community Services Department. Phone 899-3774.

Any questions or concerns regarding this program should be directed to the district's Food Services Director at 649-7294.

First-Class Steward Chosen Sailor Of The Quarter

MONTEREY, CA. - Steward First Class L.J.M. "Larry" Mirador was recently chosen as the Naval Postgraduate School's (NPS) "Sailor of the Quarter" for the period July through September 1974.

The "Sailor of the Quarter" is an individual who has demonstrated outstanding professionalism, devotion to duty, and pride in his unit, and has been a major contributing factor in the success of the command's mission. In the case of Mirador, the award crowns a career of fourteen years in the Navy.

Mirador, a native of the Philippines, enlisted in the Navy in 1960. After basic training he was assigned to the destroyer USS Robert K. Huntington, where he entered the steward rating. Five years later he left the ship to report to Whiting Field, Florida. He then spent four years in Adak, Alaska, followed by an 18-month tour aboard the destroyer-escort USS Evans. In 1972 Mirador reported to the Naval Postgraduate School to assume duties as front office supervisor of the bachelor officers' quarters.

In his duties as office supervisor, Mirador is concerned with everything from accounting to public relations. According to Master Chief Steward Bruno Valdez, "Mirador impresses everyone he deals with. He is sociable, and enjoys an exceptional rapport with officers, civilians and his shipmates. His tact and diplomacy are un-

surpassed. Within the division, he is respected by supervisors and subordinates alike for his enthusiastic approach and sound judgment."

Mirador's other interest, aside from his work, include bowling and hunting. He has a keen competitive spirit and is captain of his bowling team.

He is a member of a local rod and gun club, and enjoys skeet and target shooting. Mirador is also active on the NPS enlisted recreation committee, which formulates social and recreational programs for the school's enlisted community.

He and his wife, Rose, currently reside at Ft. Ord.

Influenza Vaccine Available To Senior Citizens

An urgent reminder to all Californians 65 years of age or older to take advantage of the influenza vaccine shots available to them for \$1 or less was issued today by State Director on Aging J. M. Stubblebine.

"The importance of this health protection to the elderly cannot be overemphasized," Dr. Stubblebine said, "and even with the considerable publicity given

to the flu shot clinics established this month by virtually all county health departments we are concerned about those who might still be unaware of this protection program."

The California Offices on Aging which Stubblebine directs has worked closely with the State Department of Health as well as the county health departments in purchasing, allocating,

distributing and publicizing the flu shots, as authorized by the Thurman Act of the 1974 Legislature. The bill, authored by Assemblyman John Thurman of Modesto, enabled the state to buy nearly 700,000 doses of the flu vaccine with an appropriation of \$420,000.

Stubblebine reiterated the fact that the elderly are particularly vulnerable during the influenza season, and that complications arising

from the disease have been known to be fatal to older persons.

He stressed that a single shot of the vaccine provides a season's protection, and that in recent years the vaccine has reached a highly purified state and is relatively free of any significant adverse reactions. People with allergies to eggs and egg products may have reaction problems to the vaccine, and

should consult their physicians on the advisability of getting a shot.

Senior citizens who have not yet received a flu shot should contact their county health department as soon as possible in order to receive the protection before the advent of the influenza season.

Seaside, you've never had a better friend.

**When you have a Congressman
who's built up seniority over
the years, good things start
to happen.**

- Like public housing, urban renewal funds, aid to impacted schools, neighborhood development programs, and a new library.

- Like the hundreds of thousands of dollars that come back every year to Seaside and other cities because Fort Ord housing is now annexed, along with Seaside High School.

- Like the fact that Fort Ord is now the home of the 7th Army, despite the rumors that it was going to close.

- Like the fact that the Defense Language Institute didn't move to the East Coast as originally planned, and the Coast Guard Fleet Numerical Center, which could have been located anywhere in the U.S., is in Monterey.

- Like a new hospital at Ft. Ord, which charges \$3.00 a day for retired military personnel.

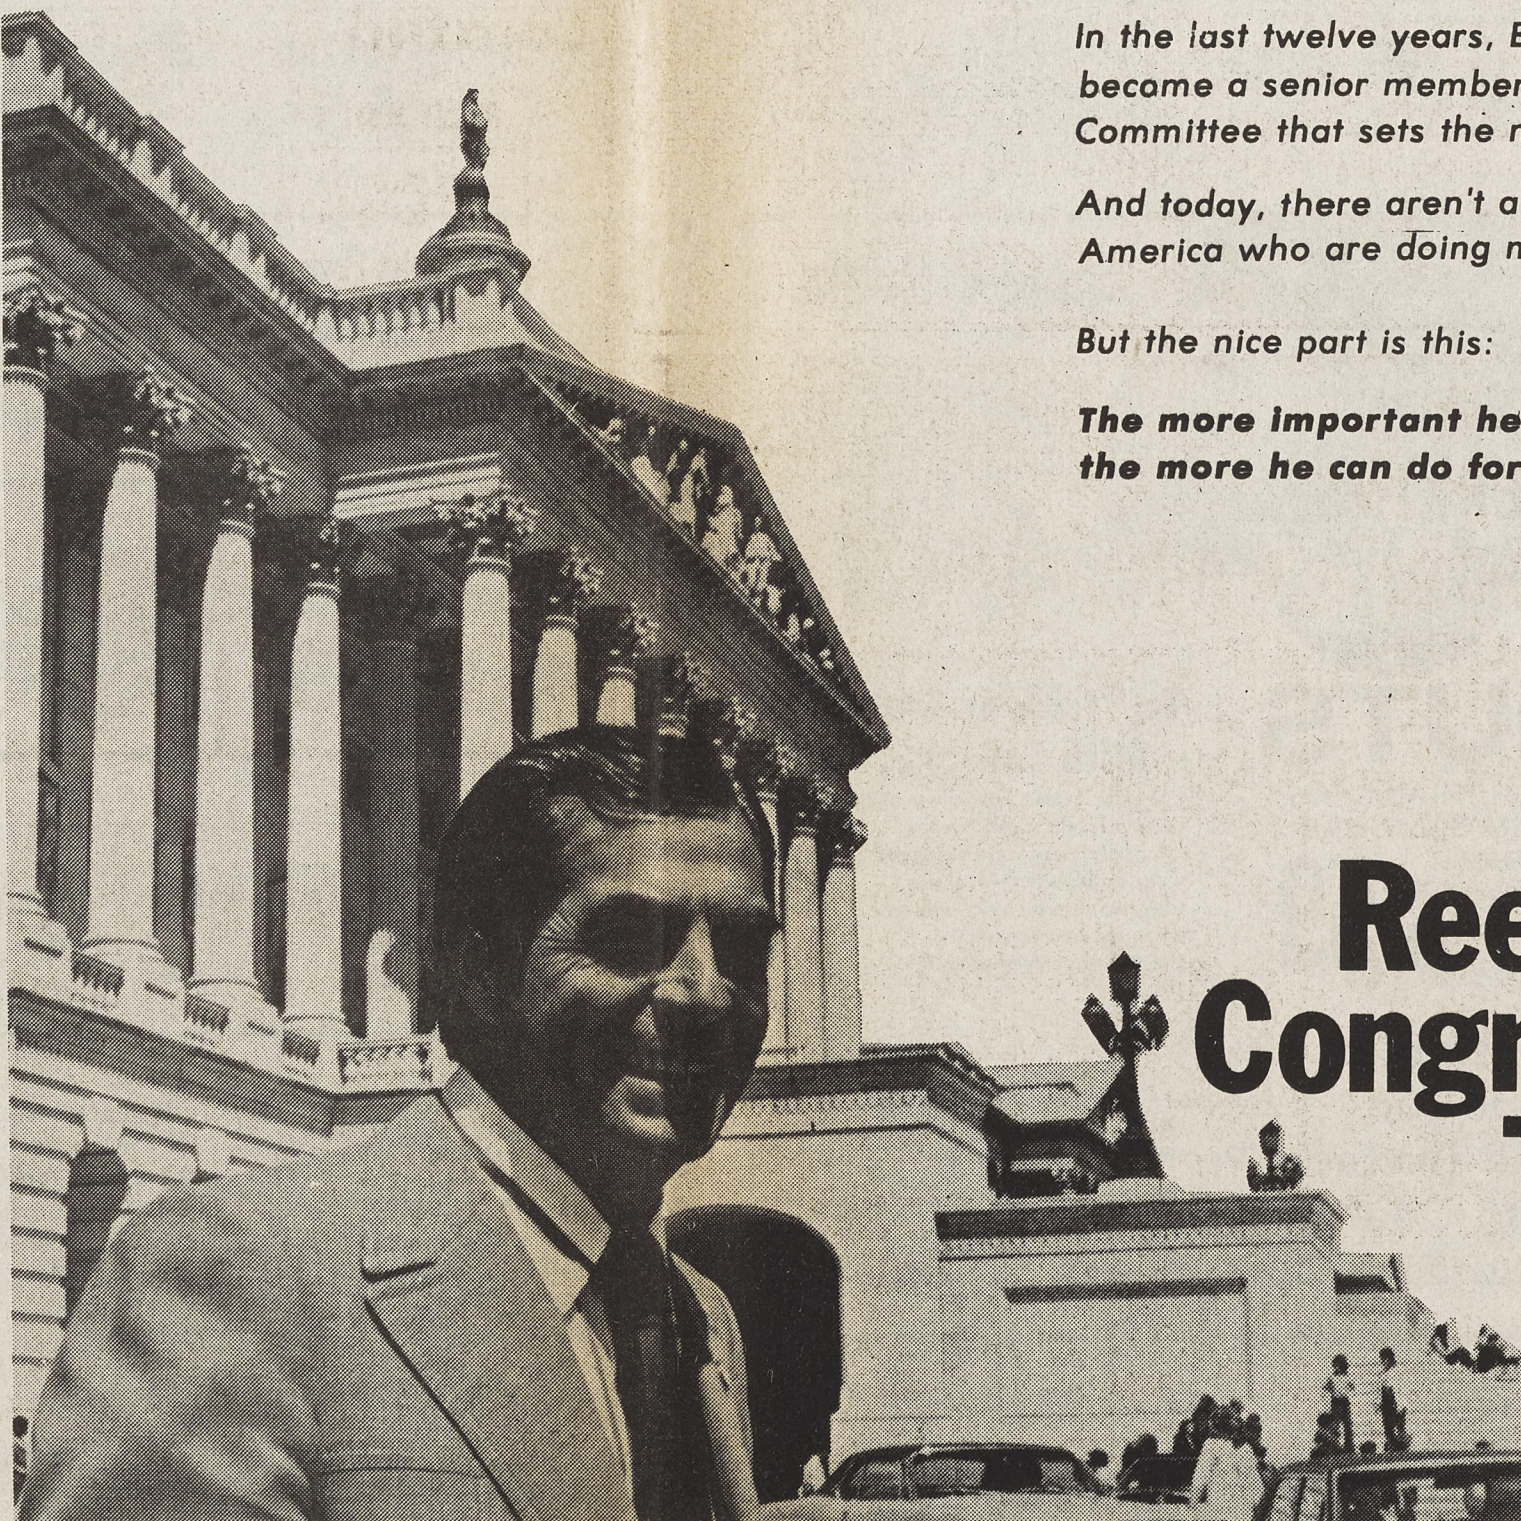

• THESE ALL BRING JOBS, DOLLARS AND STABILITY TO SEASIDE'S ECONOMY.

In the last twelve years, Burt Talcott has become a senior member of the Congressional Committee that sets the national budget.

And today, there aren't a handful of men in America who are doing more to fight inflation.

But the nice part is this:

The more important he gets in Washington, the more he can do for Seaside.

Young Violinist Presented In Pacific Grove Concert

Stephanie Chase, violinist, will be presented Monday evening, November 4th, at 8:15 p.m., at the Pacific Grove Junior High School auditorium as second in the concert series of the Monterey Peninsula Concert Association.

Celebrating her seventeenth birthday on October 1st of this year, Stephanie Chase erupted onto the concert stage at barely nine years of age. As a first place winner in the Chicago Symphony Youth Competition, she performed four times with that orchestra. At seven she was a three time winner on the Ted Mack Amateur Hour, and at eight was featured on a Peabody Award winning segment of television's "Artists Showcase," entitled "Child Prodigy." In 1969 she appeared with the CBS Symphony, and in the spring of 1971 was twice a guest on the "David Frost Show." That same year she was the subject of a documentary film made by Screen Gems.

During the 1972-73 concert season, Miss Chase performed over 40 concerts across the U.S., both in recital and with orchestra. She appeared with the American Symphony Orchestra at the Garden State Arts Center Festival with Arthur Fiedler conducting, and with the Pittsburgh Symphony led by Maestro Max Rudolf at the Temple

University Festival at Ambler, Pennsylvania. The Philadelphia Bulletin stated "She did not set out to dazzle, but to perform, and this she did with taste and style." Stephanie has also appeared as guest artist on programs with the Denver Symphony and the Fort Lauderdale Symphony Orchestras. One of the highlights of her 1973-74 season was a guest appearance with the Chicago Symphony Orchestras.

Miss Chase plays a Pietro Guarneri (Peter of Venice) violin made in 1742, passed on to her by her mother. She has been studying with Sally Thomas of the Juilliard School faculty since 1966.

Attendance at the concert is limited to members of the association, and to members of similar associations on a space available basis.

In spite of higher fuel costs, there are some things you can do to cut your heating bills this winter.

True, the cost of fuel oil and natural gas continues to climb. And that's something that we have no more control over than you do.

It means, among other things, that to continue giving you the kind of service you're

accustomed to, we've had to increase our rates. Because we, too, use fuel oil and natural gas—to keep our generating plants running.

But winter itself contributes to bigger PG&E bills. During winter you use more energy

to light and heat your home.

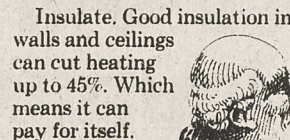

And while you can't control the weather—or rising fuel costs—you can save energy and help hold down your heating bills by following these simple pay-for-themselves suggestions:

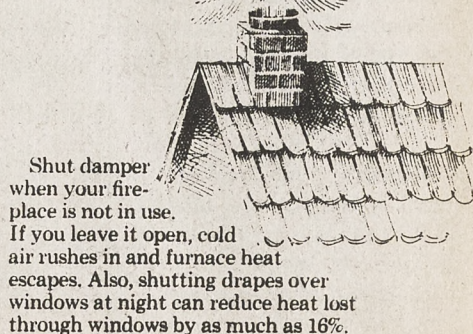

Weatherstrip around doors and windows. This keeps the warm air in and the cold air out where it belongs.

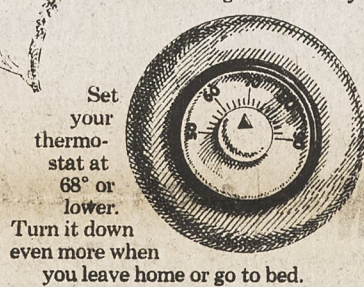

Have your furnace person check your heating system now. Also clean or replace filters if necessary. That way you'll be sure your furnace is working efficiently and is ready for winter before the first cold snap.

Insulate. Good insulation in walls and ceilings can cut heating up to 45%. Which means it can pay for itself.

Shut damper when your fireplace is not in use. If you leave it open, cold air rushes in and furnace heat escapes. Also, shutting drapes over windows at night can reduce heat lost through windows by as much as 16%.

Set your thermostat at 68° or lower. Turn it down even more when you leave home or go to bed.

Letters To The Editor

To Editor:

Now that the second outdoor Seaside art show is over, may I express my sincerest THANKS to the following people who made our Arts Festival at The Gateway Auto Center a success on Sat. Oct. 12, 1974:

To Butts Pontiac and Graham Buick for their Ads in the Herald, to Hector de Smet & the Purity Bakery for their delicious birthday cake, to the merchants at Gateway Auto

Center who cooperated with the arrangements of display and parking, to the Art Commissioners who helped in planning and setting up the Exhibit, to the Park & Recreation Dept. & Com-

mission for their help in recruiting the singers and dancers, to Director Cleve Williams and Supervisor Martie Feliciano for their effort and time in putting on the Festival, and last but not

least, to ALL who participated and showed and demonstrated at our Saturday outdoor Festival.

Of course, without the news publicity by the Herald and the Seaside Post, the Carmel

Pinecone, the Pacific Grove Tribune, and the Salinas Californian, there would not be any crowd at all. We regret that the Laguna Seca Race was on at the same day, so many who could have been at

the Center were simply not there. Anyway, Happy Birthday to Seaside! Thank you one and all!!

Charles Y. Lee
Chairman
Seaside Art Commission

Decorating Tricks

Give an illusion of spaciousness to a room by painting the walls in a pastel hue. Lighter shades tend to open up a room.

Another trick that still requires just a can of paint

and a roller is to accent one wall—usually that opposite the greatest source of light in a darker color than the remaining three. This adds drama while "moving back" the other walls.

Dear Editor:

Burt Talcott's positive record of his achievements for his congressional district and the way he has performed with honesty and integrity his services to his constituents entitles him to continue as our representative in Washington.

His work in transferring Headquarters, DLI to Monterey; his insistence that Ft. Ord be retained as an Army base; his diligence in following through local agencies' requests for federal assistance; his endless pursuit of personal requests for assistance from his constituents; his sponsorship of local student tours to our nation's capitol; his straightforward and honest approach to solutions of the issues of the day; and his ability to "pull a few strings" in Washington because of his twelve years service and experience should be carefully viewed as strong reasons to return him to Washington.

In addition, and realistically, he can be of much benefit to our district than can his inexperienced Democratic opponent. It is only logical to assume that a Republican can derive from a Republican Administration much more than can a Democrat, and there is a distinct possibility that President Ford will be around for a few years.

If we don't re-elect Burt Talcott, we've got a problem.

Ron Hunter
Monterey

Dear Editor:

We thank you for your valuable support in helping the Red Cross provide needed services to the unfortunates in our area. We wish it could be more to more people, but unfortunately, money is involved and the shortage of that commodity does hamper us.

We appreciate very much your help in the Perry case, and the most favorable publicity you provided us.

March of each year we mount a campaign to raise funds to provide these services. I hope we can call upon you for some local news coverage to tell our story and emphasize our dire needs.

Again, thanks for your help.

Sincerely,

Al Veterane, Manager
Monterey County Chapter

Dear Editor:

Julian Camacho, Democratic candidate for Congress, hasn't had any of "qualities" tested and recorded.

But an insight to his character is best explained by his vote on the Santa Cruz convention center when it came before the Central Coastal Conservation Commission. He voted against the application, and when called upon to explain his vote to union officials, his explanation was rather vague.

His excuse was that some three thousand students at UCSC were against the application, and he felt that most of them were registered voters. He wanted their votes, and explained to the union official that his concern was getting elected, and that he had a better chance of cultivating more votes by his opposition to the application than he would lose.

A rather feeble excuse, but his logic may be sound. Especially if he was more concerned with garnering votes than he was with supporting labor, as he professes.

Compare carefully. We can't afford a tragic mistake.

Which one can we trust in these times of economic crisis?

Our next Governor will need vast experience in dealing with state finances. And the maturity and judgment to make intelligent decisions.

Our nation's economic problems grow more severe every day. And the financial problems of most Californians grow with them.

The relentless increase in cost of living is cutting deeply into savings. And into our hopes for the future. The economy is clearly the most serious problem in our nation. And in our state.

We hope the current economic crisis will improve by the time our next Governor takes office in January, 1975. But if it doesn't, we must be prepared with a Governor who can meet the challenge.

Houston I. Flournoy has been the Controller of the State of California for 7½ years. He is the chief fiscal officer of the State. No one is more knowledgeable or experienced in the financial problems of California.

Compare the careers of these two men. We think you'll agree; Hugh Flournoy must be our next Governor.

Not in a generation has our nation and state faced such economic uncertainty.
Not in a generation have the American people been so fearful of the future... of
inflation... of unemployment... of deep recession... or worse.

Not in a generation has there been a greater need for a Governor who can truly
lead and inspire genuine confidence.

In these times of crisis, we must have no less than excellence in our leaders. The
alternative could be tragedy.

The next Governor of California must be Houston I. Flournoy
